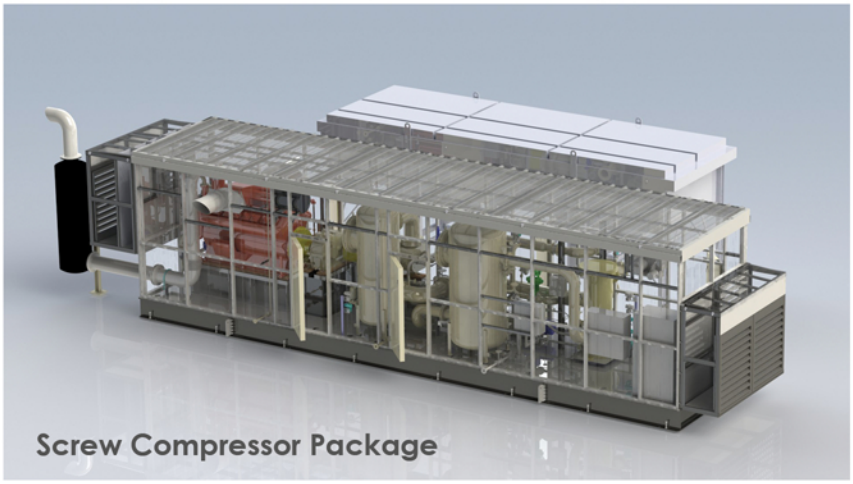
COBEY®

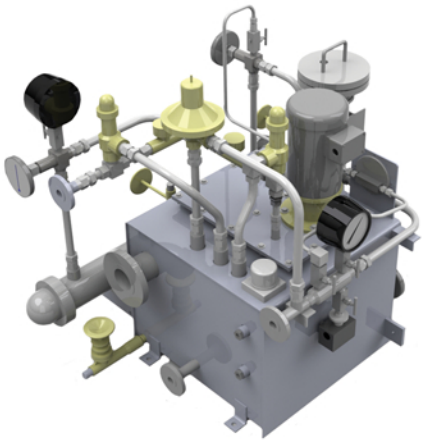
Rotary Screw Compressors
Experience in Performance



Screw Compressor Package

Pressure Vessels
- Knockout Drums
- Rundown Tanks
- Seperators
- Reservoirs

ASME Stamps



Lube Oil Systems

Fuel Gas Reciprocating Compressor Packages

Cobey partners with engineering and operating companies who are installing new, upgraded or expanded systems to improve efficiencies and meet new emissions and other standards. Cobey will specify, design and manufacture customized systems according to your unique needs.

AUTHORIZED DISTRIBUTOR & PACKAGER OF:

AERZEN

Howden

COBEY HAS EXPERIENCE IN:
- Fossil fuels
- Natural gas
- Fuel oil
- Biomass
- API-614, API-619
- ASME Sect. VIII - Div 1&2
- ASME Sect. IX

DESIGN & MANUFACTURING OF:
- Fuel Gas Conditioning Systems
- Fuel Gas Boosting Skids
- Water treatment such as Deionization (DI), Reverse Osmosis (RO)
- Water injection for NOx reduction
- Liquid Fuel Injection Systems
- Heat Recovery (CHP) Packages
- Fuel Cells

IN ADDITION WE PROVIDE:
- Lube Oil Systems
- Turbine/Generator Packages
- Engine/Generator Packages
- Ammonia Injection
- Pressure Vessels
